The engine was also extensively rebuilt & is just run in with new pistons re-ground crank etc etc. The exhaust has likewise been replaced with a newly fabricated more sporting item. To the rear is a large motoring trunk. The hood is also brand new with a large oval window to the rear.

The dash is wood with an assortment of modern instruments in the centre oval. Unusually the car has been configured to start on a more modern key ignition. The body has been constructed over a traditional ash frame as a dual cowl open tourer reminiscent of some Windovers tourers. The car has a strong quiet engine that pulls strongly & gives quite sporting performance. It runs cool & exhibits excellent oil pressure.
