ADDITIONAL INFORMATION / SERVICE HISTORY

1923 Rolls Royce 20hp Barker All Weather Cabriolet.

Chassis number: GH31

Registration number: XR9474

Perfection needs few words. This beautiful original Barker bodied car wears desirable all weather cabriolet bodywork as supplied with when new, sometimes know as touring Limousine coachwork. The car is in simply impeccable condition with fresh green & black Paint, fresh carpets & new leather to the front seats & West of England cloth to the rear. All interior woodwork has likewise been removed & refinished. A new black mohair roof has also been fitted which cunningly folds up & down by one person with recourse to the hidden internal spring tensioners that take the weight out of raising the hood.

Mechanically, the car has had a full rebuild of both body & chassis & runs absolutely as it ought to. Overdrive has been fitted making for relaxing long distance drives, running easily in modern traffic.

We sold this car previously into a collection of impeccable automobiles & are delighted to have it coming back to us again.

This is a car that wants for nothing & needs nothing. It is always a pleasure for us to handle a car needing no excuses & being absolutely ready to go out & win prizes.

The car is sufficiently famous that if you can't stump up the £100k asking price, it is possible to buy a scale model of this very car by GLM Models for unrequited dreamers. (Pictures at the end of the photo gallery.)
