ADDITIONAL INFORMATION / SERVICE HISTORY

1961 Phantom V James Young Sedanca.

Chassis number: 5CG5

Registration number: CSK407

James Young Phantom V sedanca. Just restored. This car has been stripped back to bare metal & had a full respray in Midnight blue. The paint needless to say is flawless & perfect with a mirror like finish to it. A full set of pictures comes with the car showing it in primer & with the engine out.

All mechanical parts have been removed & reconditioned as required to put the car back in beautiful condition. The pale grey leather to the rear is original & in fine order. To the front is new dark Blue leather in the drivers compartment.

New tyres have been installed all round. The Sedanca roof is a simple affair to open with roof panels that pop out & stow in the large boot.

When new the car was supplied to the mirror group of Newspapers for use by their chairman. Weybridge Automobiles were the supplying dealer. Very rare as a later sedanca conversion, this car makes an interesting change to the more common 4 door saloon versions more often seen & makes a real statement of gravitas upon

arrival at its destination.

A full set of photographs show the bare metal respray done upon the car.
