1912 Rolls Royce Silver Ghost Rois Des Belges Chassis 2082

Chassis number 2082

Registration number BF 8930

A quite magnificent Rolls Royce Silver Ghost that has emerged from a nut & bolt stem to stern brand new restoration. The restoration was done to the highest standards by noted world wide Ghost specialist James Black of Northern Ireland.

The body is a particularly well proportioned Rois des Belges open tourer with the body hand formed from aluminium on an English Wheel. To the interior is buttoned dark green leather. The car is painted in a mild metallic silver & looks absolutely stunning especially in evening light. A full length new mohair hood erects easily for inclement days or indeed to be used as a sun shade in hotter climes.

This is a first rate car with simply everything done & runs in silence. It is of course eminently suitable for RREC & 20 Ghost club rallies. Driving this car is to imagine one were picking it up at the Derby works 110 years ago, so good is it to drive. It is located in Ireland where it may be viewed by prior appointment. Alternatively we can pick it up & arrange shipment world wide.
