A low ownership low mile example showing just 79,000 miles from new. This car comes to us in beautiful condition from long term ownership of a motor trade main dealer principal/Chairman.

The paintwork is immaculate in its original colours of Shell Grey over Masons Black. The interior is original grey leather & walnut extending to the rear picnic tables. The car having been always garaged is absolutely solid & sound underneath & in really fine order.

Prior to sale, the fastidious owner has just spent £9000 pounds on the car to make it ready with marque specialists P & A Wood. (Bill on file.) The car was fitted with a sunroof from new which slides easily open. All tools etc are present in the rear in their appointed places.

The car drives simply perfectly & is a pleasure to use. The gear box has been adjusted by P & A wood so the changes are smooth & imperceptible. The engine likewise is silent & powerful. The brakes were relined & the servo rebuilt & adjusted back to factory spec along with a 5000 mile service being performed. Without doubt one of the best examples we have had the pleasure to handle, this car is well worth a look if you seek a way above average Rolls Royce Silver Dawn. The 4 digit registration number is available by separate negotiation.
