### VEHICLE DETAILS

#### ADDITIONAL INFORMATION / SERVICE HISTORY

1952 Rolls Royce Silver Wraith H.J. Mulliner limousine

Chassis number: WVH14

Registration number: SKO771

Coming to us from long term ownership in a French collection & showing an indicated 57808 miles from new. This elegant Rolls Royce Silver Wraith has seen little use over the past three decades but has been run regularly during that time.

This Silver Wraith wears elegant limousine coachwork, body number 5493 By Noted Builders H.J. Mulliner. The car is in traditional tudor over shell grey with the paint in lovely condition. The car is fitted with rear wheel spats.

To the front is grey leather again in superb order with original West of England cloth to the rear seats. The burr walnut woodwork is original to the car & again as it left the factory. Twin picnic tables are fitted to the rear as are fold out foot rests.

Tidy under the bonnet the car has a very unmolested feel about it & drives superbly in a commensurate manner. The engine is smooth silent & imbued with ample power to run at modern traffic speeds. The synchromesh manual gear box is a

delight to use although most of its motoring tends to be in 4th once under way.

To the front of the car are massive P100 Headlamps giving the car a very imposing frontal appearance augmented by the central fog lamp. Fitted with 4 excellent tyres the car is ready to go anywhere & cover long distances in unruffled silence.
