Registration Number: VL82A (Austria) KY460C (UK)

Chassis number: 06817

Ordered new in April of 1965 & supplied by Franco Britannic Motors of Paris. this left hand drive example is one off some 200 cars produced. The car is finished in Rosso over Nero. This car comes to us Ferrari Classiche Certified with its Ferrari red book folder. The car is in impeccable condition throughout looking just as good underneath as it does on top. Forming part of a significant collection of top condition cars in Austria, the car may be viewed there by prior arrangement.

The car comes with extensive paperwork & bills showing the car that has been lavished upon it in recent years by assorted well known speciallsts. The odometer shows just 55,000 miles from new.

A thick history file comes with the car showing the care & attention that has been lavished upon it in recent years by assorted well known speciallsts. The bills cover many tens of thousands of pounds of expenditure to keep this car in the wonderful condition we find it in today.

The car sits on its original rechromed Borrani wheels shod with 4 newish tyres. The car starts instantly & drives beautiful as one might expect of such a machine.

Please take time to review the extensive bills in the pictures gallery showing the extent of work done & the detail put into the car. Since arrival in the collection no expense has been spared to put this car in the best possible condition. It is used sparingly on jaunts though the local austrian alps.

Viewing of the car is by appointment near Velden in Austria where it forms part of a private collection.
