Price: £88,000

### VEHICLE DETAILS

#### ADDITIONAL INFORMATION / SERVICE HISTORY

1972 Jaguar E type V12 Roadster

Vin Number: UC1S20352

Registration Number: MMU161K

In very fine order, this V12 Jaguar E type is a manual car coming to us from a small collection. It is being sold due to being so sparingly used.

The car is finished in lovely signal Red with an original black leather interior all in very good order along with black carpets. Under the bonnet the car is very clean with a very tidy engine that runs quietly & well. The 4 speed manual gear box is likewise in very good order & a pleasure to use.

Knock off Chrome wire wheels are fitted all round with knock of spinners. A modern classic style radio has been fitted giving connectivity. Under the hood cover is a brand new mohair roof. Indicated mileage is 84,000.

This is a solid corrosion free car in very good running order. It is lightly patinated rather than in show queen condition but would not be out of place at any show. As such it is a very very useable car coming from an enthusiast with a garage full of

desirable classic cars. The current owner has had the car since 1990 with just one former keeper on the log book before. The 31 years of continuous ownership speaks for itself.
