Supplied new to Japan & with just 16,581Kms covered from new. The current Portugese owner is the second owner of the car & we supplied it to him as part of his collection in 2016. We purchased it in Japan from the first onwer as part of a collection of immaculate ferraris & other brands we purchased as a whole. Since then the car has covered a scant 20kms each month to keep it in good running order whilst being regularly serviced by the collections mechanic.

The car is in really fine completely corrosion free condition. It comes with its original jack & tool kit etc. Viewings are by appointment in Lisbon.

The pictures speak for themselves.
