Just 8645 Miles from new!!! This car is so pristine it still has its original plastic protective film on the sill plates. We sourced this car in 2016 from a prominent Japanese collector & supplied it to the collection in Lisbon of the current second owner. Since purchase at 6981 miles the car has covered just 1500 miles being driven monthly on a 20km loop round Lisbon to keep it in excellent condition.

To say it is mint is an understatement. The beige seats have always had a cloth put on them prior to being sat in. The exterior grey metallic paint is flawless. The car has never seen rain & thus is as corrosion free & flawless as any I have ever seen.

When ordered it was ordered to a high specification including privacy curtains to the rear side windows & also the back window.

If you seek the best then it would be difficult to better this one. Viewings are in Lisbon by appointment. Fly in & drive it home, or we can collect & deliver

anywhere in Europe. This is to all intensive purposes a new car.
