APL111B

Price: £37,000

VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1964 Fiat 2300S Coupe RHD

Vin Number: 127489

Registration Number: APL111B

Incredibly rare being one of three known to exist world wide in RHD guise. These cars were built by Fiat & sent across to Ghia for the rakish coupe body we find on this example. The cars were then sent across town to Abarth who fitted twin webbers, polished the ports & generally breathed upon the engine imbuing it with serious horsepower & a very sporty sound.

This particular example was ordered new by a midlands based foundry owner though Anthony Crook latterly known for Bristol Car fame. The owner took it immediately to the south of France where it resided in the garage of his holiday home for over two decades thus perfectly preserving it.

The history is well documented through 5 owners. A youthful Martin Buckley did a full magazine article upon it in July of 1988 when it had covered just 27,000 miles.

This has now increased to just 50,000 warranted miles from new.

The car is finished in perfect metallic silver with the paint being beautifully

preserved. To the interior, the seats front & rear are black along with red carpets. The original owners pack comes with the car along with assorted brochures, technical info & both original keys. It really is a time warp kind of a car.

In the day it was known as a poor mans Ferrari as it was half the price & cost similar money to an E type Jaguar. Simply put: This is a true collectors item & is a car that cannot be repeated elsewhere.
