Price: £32,500

VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1957 Bentley S1 Standard Steel Saloon

Chassis number: B199EK

Registration Number: ULP722

A very original & low 123K mile car that has resided many years in an underground garage in London. We photographed it at the Barbican centre where it is currently stored & gets used on dry days only by the current owner. The car comes from an estate sale with assorted books, manuals & magazine articles from the previous enthusiast owner.

Clearly well cared for; the car is finished in traditional shell grey over tudor grey; a colour scheme well suited to this car. To the interior is grey hide throughout in very good order. The car is equipped with nicely figured walnut picnic tables for the use of the rear passengers. This is a very solid rot free car having resided so long in a dry underground garage environment.

Tidy & original under the bonnet the car starts instantly & runs well. It is equipped with factory power steering making it easy to park & drive. The original tool kit is in its appointed place under the boot carpet & a brand new spare tyre is found under the boot floor along with the cars jack.
