### VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1934 Wolseley Model 16 six light saloon.

Chassis number: 158312

Registration Number: AHW898 (to be reapplied for since import.)

The Wolseley principal is to take & test all that is new in motoring practice.....to prove & improve it.....and then & only then apply it Wolseley models. Such read that wolseley advert for the new model 16 in 1934. The car boasts a very smooth 2 litre six cylinder engine giving the car ample go.

This wolseley comes to us with £25k in recent expenditure on the mechanics & a brand new interior in green hide & matching green carpet. The cabin is thus a lovely place to be. The exterior paint is original & whilst far better then oily rag condition, has a delightful original patina to it presenting smartly.

The car has been fully gone though mechanically starting instantly & running beautifully providing a real "James Herriot" style of driving experince. The mechanics are all to the original spec as it left the factory as are the dash board instruments & controls. This is a decently spacious car with space for 5 adults and ample legroom for all occupants.

All in all a lovely example of what is a rare car nowadays & in excellent running condition.
