VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1963 Bentley S3 Cabriolet Adaptation.

Chassis Number: B424LCN

Registration Number: TBA (Belgium)

Recently professionally converted & presented in as new condition. This car was originally supplied new to France in 1963.

A full set of photographs come with the car showing the massive works undertaken to do the conversion & restore the car to as new. The car was converted from a four door saloon as were the H.J. Mulliner adaptations done in period when the cars were new.

The car is resplendent in like new Pacific Green metallic along with a fully lined & insulated green mohair hood that glides up & down at the touch of a button. To the interior is very high quality green leather again unmarked & as new. Pale green carpets underfoot & burr walnut to the dash complete the ensemble. Picnic tables are also fitted to the seat backs.

The mechanicals have been completely stripped & restored to as new. Modern air conditioning has also been instalkked aking with a high output alternator etc. As a result the car drives as well as it looks gliding down the road in unruffled silence but with all day modern cruising speeds attainable from the lusty V8 engine.

Simply put: It would be hard to find a more pristine example. Perfection needs but few words.
