VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1975 Rolls Royce Phantom 6

Chassis number: PRH4818

Registration Number: MAN765

Just 17,000 miles from new; This has to be one of the best Phantom 6 cars in the world today. The first owner was colourful arms dealer Adnan Kashoggi. It then passed to a second owner in London & we took it from the estate of the late third owner who had paid £300k for the car when he bought it 20 years ago. The low mileage is fully documented.

This car is finished in a striking & beautiful two tone colour scheme of Peacock Blue over Silver Mink with the paint in lovely condition. The options list was extensive when new including sundym glass, picnic tables, occasional seats, drinks cabinet, etc, etc, etc. The front is upholstered in turquoise hide with the rear electrically adjustable seats in Peacock savoy velvet along with hanging cushions. The cocktail cabinet has particularly finely figured burr walnut.

To the boot is the original tool kit & plug in flash light. All the original papers & build sheets come with the car along with some articles on Kashoggi. The handbook & service book also are found in the documents pouch. Once the sale is agreed we will UK register the car for the next lucky owner.

The car drives like new & is being the recipient of a full service by Marque specialists Colbrooks prior to sale. This is a simply stunning car & a great alternative to a newer model Rolls Royce as it exudes an air of class & gravitas that the newer models struggle to attain. These low mile Phantom VI's were the end of an Era & low mile pristine examples will always attract a significant premium for those who desire the best money can buy.
