One of the last examples produced & coming to us with a massive service history containing no less than 18 service stamps in the book & a huge history file. The servicing on this car is about to be done so the car will be bang up to date. 4 New Tyres were fitted less than 4000 miles ago also on the chrome wheels.

The mileage on this car is 49,000 miles from new backed up by the 18 service stamps & a full set of MOT certificates. Under the bonnet the engine bay is in super clean condition clearly having been garaged its entire life.

This car was ordered in Black Sapphire which is actually a very very dark blue. The paint is in lovely order. To the interior is similarly unmarked cotswold hide, dark Blue carpets & French Navy secondary hides. Burr walnut in all the usual places completes the opulent interior.

The car comes with all its original books, two sets of keys & its copious history file.

This is a properly looked after car with a huge history file & one in one of the most choice of colour schemes.
