VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1913 Buick Model 25 Touring For Sale

Registration Number: B15322X (Texas USA)

A beautiful 1913 Buick Model 25 Touring that saw only one owner between 1913 and 1994. In 2010 it was meticulously restored and in that year it won the AACA's First Junior Prize in America.

It was also an AACA Senior First Prize winner in 2014, as well as winning the Buick Club of America (BCA) Gold Senior Award in 2010.

The car is painted in a handsome burgundy colour with black interior. It has a 165 CU inline four-cylinder engine with three-speed manual transmission and is a right-hand-drive. The engine in typical Buick fashion has exposed push rods & valve rockers.

The car sits on Artillery wheels with bright blue fine lining & brand new

tyres all round. This car is in absolutley perfect restored condition starting instantly & being a very strong runner. Early Americans were built to cover huge distances & thus are robust rugged cars with a go anywhere feel to them. We can UK register the car should it remain in the UK.
