ADDITIONAL INFORMATION / SERVICE HISTORY

1960 Jaguar Mark Two 2.4 litre manual

Chassis number: 103433DN

Registartion Number: 390NVT

A two owner time warp with just 36,000 miles covered from new. It is a totally original matching numbers example in really lovely untouched condition. The owner now wishes to part with it due to his advanced age & simply seeks the money he gave for it a few years ago prior to entering his caring ownership.

To the exterior is its original pale grey paintwork in very good condition. The interior is red leather as it left Brown's Lane along with unchanged burr walnut woodwork. Under the bonnet the car is tidy & lovely as might be expected. The six cylinder twin cam fires up readily & provides plenty of performance. The manual gear box has good synchromesh & a taut tight feel to it commensurate with the low miles covered. Being a disc brake equipped car from new it stops as well as it goes.

It is always a pleasure to find low mile untouched cars like this & is definitely one for a collector or marque aficionado. It was raining on the day we saw the car so we will be re-photographing it again in the future.
