Price: £25,000

VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1995 Land Rover Forward Control 3.5 litre V8

Registration Number: NPK57P

Ex military & with a string of previous MOT certificates indicating the current mileage to be around 45,000 KMS from new.

This is a nice solid example & is equipped with a winch & its associated cables etc. There is also a de-rigueur trenching shovel fitted to the front. Overall the machine is in excellent condition with a very good canvas hood. The interior is in good order & is serviceable in typical military fashion being high on utility & at the lower end of the scale on comfort.

It is being sold due to the advanced age of the current owner who has several other Land Rovers & also a Rolls Royce which we are also selling for him. The speedometer is in KMS leading us to believe it did service on the continent as a Nato vehicle.

Viewings are by appointment near Andover Hampshire.
