VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

2010 Bentley Continental GT W12

Vin Number: SCBCE63W5AC066628

Registration Number: MX10GJV

An immaculate & properly looked after Bentley Continental with the desirable W12 engine configuration. This car was bought 8 years ago from the second owner & has been garage kept ever since which really shows in the quality of the flawless dark metallic blue paintwork. Previous to the current ownership the car was maintained by Bentley Main agents. Since then Bentley specialists West Hoathley Garage have looked after the car & kept the service history bang up to date. They also maintain the current owners various Cricklewood built Vintage Bentleys.

The car sits on 4 unmarked split rim alloy wheels shod with recent tyres. To the interior is like new cream diamond stitched leather along with walnut woodwork.

Secondary hides are portland blue. Under the bonnet the car again is pristine with a highly detailed engine bay.

This car has covered a scant 35,000 miles since new & looks like new & drives like new. It is massively different from some of the high ownership high mile uncared for examples one finds in the market. Everything works as it should & the car both drives & presents beautifully. We strongly advise viewing of this beautiful car once

you have viewed lesser examples as the quality of this one really stands out.
