Price: £165,000

VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1933 Alvis Speed 20 SB Series Vanden Plas Tourer.

Chassis number: 15738

Registration Number: FG8989

Simply the best we have ever seen. This car was treated to a no expense spared open cheque book restoration completed about a year ago by noted specialists Clarke & Carter restorations. Hundreds of thousands of pounds were spent with the brief to simply make this the best alvis speed model in the world; a grandiose claim which I have to say succeeded.

Please do take the time to read though the extraordinary restoration paperwork to gain an idea of the lengths that were gone to on this car. It was purchased as a somewhat derelict but complete car to start the project.

This car is in nut & bolt brand new condition & far better I suspect then when it left the factory. It carries its original desirable Vanden Plas coachwork & looks & drives like a new car.

Perfection needs but few words & this car is an absolute bargain at the asking price.
