#### ADDITIONAL INFORMATION / SERVICE HISTORY

1958 Jaguar XK150 3.4 Litre FHC LHD Auto

Chassis Number: S835427BW

Registration number: H6494BBB (Spain).

Part of a large Spanish car collection of some 50 vehicles; this car was restored & custom painted to the colour of choice for the lady of the house whom has used this car as her personal vehicle. The colour is a non standard one but actually works very very well.

This is a rare automatic version with the gears being selected by a lever in the centre of the dash board. To the interior is patinated red leather in really lovely condition along with black carpets. When restored a beautiful wooden dash board was installed to add to the ambience inside.

The car sits on 4 chrome wire wheels shod with whitewall radial tyres. Under the bonnet the engine bay is clean & tidy. The rebuilt 3.4 Twin cam engine starts readily & provides ample power whilst making all the right XK noises.

The car originally was sold in America in March of 1958. It was restored about 20 years ago in Spain & still presents beautifully. It is Spanish registered & European taxes paid.

Viewings are by appointment near Valencia.
