Price: £85,000

VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1951 Cadillac Series 62 Convertible.

Chassis number: 516260152

Registration Number: PXS375

A stunning car in brand new condition having been the recipient of a nut & bolt rebuild in the USA. Perfect cars such as this need but few words:

The car is finished in its original colours of Mist Gray Metallic with Red Leather upholstery and a Black convertible soft-top. This Series 62 was well-optioned and cost \$3,066.16 new, with Goodrich BW tyres, windscreen washer, wheel discs, license frames, automatic heat control, fog lights, and a vanity mirror. The vehicle retains all of these options, bar the original tyres, and its current paintwork and interior are as per the factory body tag.

This Cadillac underwent a massive restoration, by Cadillac specialists in the USA, bringing it back to factory specifications. The engine and transmission were also removed and rebuilt, with the electric and hydraulic systems tested at the same time. A full 1950 workshop manual comes with the car, plus the 1951 model year supplement.

Details of service work carried out on the above vehicle in 2022 at 31962 Miles with

indicated mileage now being 32,108 include:

Replaced engine oil & filter

Replaced automatic transmission fluid & sump gasket

Replaced rear axle oil

Applied fresh grease to all grease nipples

Adjusted tracking

Adjusted brakes

Lubricated all hinges & latches

Repaired vacuum operated aerial

Replaced front seat hydraulic ram & switch

Replaced hydraulic pump seals

Flushed hydraulic system and repaired roof & window operation

Lubricated window mechanisms

Carried out M.O.T. test

As a result the car drives flawlessly & feels more like a car from the late 1970's rather than the early 1950's. It is in perfect running order & runs at an easy 85 or so MPH. The power roof glides up & down at the touch of a button & has a snap on cover to tidy it when down.
