VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1925 Rolls Royce 20hp Brewster Landaulette.

Chassis number: GNK87

Registration Number: WC1190

Coming soon. Proper pictures & description to follow:

This is the only example of a Landaulette bodied by Brewster on the 20hp Chassis. It has received a massive & fastidious restoration by Marque Specialist Ben Smith with some £130,000 pounds having been invested in the car which is in effect a brand new Rolls Royce being delivered 100 years late.

Literally everything that could be done has been done to this car. The body is resplendent in Royal Garnet over black. Brand new white sided tyres are fitted all round. All exterior brightwork has been sent off & re-nickled as required to like new.

To the interior is an exact copy of what was installed when new with Bedford cord to the seating surfaces & hard wearing canvas type cloth to the door cards. The roof is covered in correct Japanned black leather covering the full length of the car & including the fold down Landaulette section.

This is a late 3 speed centre gear change car with rear wheel brakes. A massive pair of folders come with the car detailing the extensive works undertaken during restoration. This includes pictures of the car prior to restoration when it emerged from 40 years of dry storage. Every part of the restoration is listed in detail on the voluminous incoives contained in the cars files.

This is a best of the best car & will suit an owner whom is seeking perfection with no further investment required
