71,000 miles from new & absolutley mint pristine. This car has never seen rain & is as good underneath as it is on top. I have to say the pictures do not really do it justice as it is even better in reality then the pictures show.

The car is finished in Mercedes signal red & has beautiful black leather to the interior. The paint is simply flawless & perfect with no swirls or scratches at all. This has to be one of the best SL's we have ever had. Unusually it was ordered new with factory air conditioning which was not common at the time & then collected from the factory by the first owner.

The car is just serviced & has had a brand new black fabric hood installed to replace the original one that hade deteriorated due to lack of use. The hard top lifts off easily & has a stand on wheels for storing it when not in use. The car was previously advertised at the SL shop for just under £52K. It comes with masses of bills attesting to a proper open cheque book approach to looking after the vehicle.

Not much more need be said as perfection needs but few words. If you are looking for one of these this car is well worth a visit.

The current owner keeps it garaged & under a car cover. Now approaching 80 years old he is finding it a little difficult to get in & out of it & thus is now ready to move it on to its next lucky owner.

Viewings are by appointment at Strood in Kent.
