ADDITIONAL INFORMATION / SERVICE HISTORY

1962 Aston Martin DB4 Series 4.

Chassis Number: DB4/797/R

Registration Number: YVH938

Nut & Bolt restored to perfection. Simply put this is like a brand new DB4 being delivered 63 years late!!

This car has covered a scant 2000 miles since restoration, having been kept as part of a private collection of very high end cars where it keeps company with an r type Fastback Bentley, SS Jaguar & assorted other high end cars. The car was supplied by JD classics some years ago with the brief being to supply simply the very best available without regard to cost.

Technical specification:

A special bespoke 4.2 unleaded and uprated engine was built by David Jackes, Aston Engineering.

Carburation is by means of Triple Webber carbs.

Further upgrades include:

Brakes uprated to racing specification.

Limited slip differential.

Upgraded suspension and handling package.

New offset wire wheels fitted.

Retrimmed by ex Aston Martin factory trimmer.

Adjustable power steering.

Air conditioning.

Newly fitted and programmed Link ignition system (installed 2025).

Further details are available if required.

This is a 100 point concours car with some lovely upgrades to make it fast & driveable. Perfection needs but few words.
