Price: £80,000

VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1960 Bentley S2

Chassis Number: B455BR

Registration Number: 5868D

Just finishing restoration to exacting standards. The carpets are about to be fitted as are the door mirrors to complete this car. It has been stripped back to bare metal. All corrosion has been cut out & removed & new inner & outer sills installed along with a major mechanical rebuild & of course refinished woodwork & a new interior.

The car is finished in very striking modern Bentley colours of flame orange & midnight sapphire. To the interior is brand new tobacco coloured leather throughout making the cabin an opulent place to be.

Once the car is finally finished & 200 or so test miles covered it will come to us for a full photo shoot. We anticipate it being with us late november. The car is a real attention getter on the road drawing admiring glances wherever it appears. It drives as well as it looks & feels like a new S series bentley being delivered 65 years late.

Far more has been invested into this car than the asking price.
