VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1964 Rolls Royce Silver Cloud 3 Flying Spur

Chassis Number: SGT563

Registration Number: BYP50B

A very rare Rolls Royce Silver Cloud 3 Flying Spur by H.J. Mulliner of Chiswick. The car is in very fine order having been under the current ownership for almost two decades during which time it has been regularly but sparingly used.

The car is finished in very dark blue paintwork in excellent order. To the interior is newer stone coloured leather again in really fine condition. The cars interior woodwork has all been removed refinished. Indicated miles are 64,972. A full length Webasto sunroof is fitted allowing for semi alfresco motoring on summer days, yet seals the interior snugly when not in use.

The car has been owned by an enthusiast & RREC member as attested to by the 5 badge badges to the front of the vehicle including one showing the car to have toured Borneo in 2005. The car is fitted with both power steering & air conditioning to keep the cars interior cool & afford a pleasant driving experience.

This is a car that wants for nothing & is ready for immediate extended use. It has

just been fully gone though & prepared for sale to its next lucky owner. This is one of just 54 cars produced to this stylish design coach built with an aluminium body making it a rare bird indeed.
