JENSEN

INTERCEPTER 2

Year: 1970

Chassis no: 1233771

Registration: R140

Price: £55,000

VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1970 Jensen Interceptor

Chassis Number: 1233771

Registration Number: R140.

A really fine example with close to £50k recently spent upon it to put it in tip top condition. This included a full high quality bare metal respray in its original colour of deep red (cassis.) The heritage certificate tells us that the interior was specified in the same black leather we find today.

The car has covered just 67,000 miles from new so is a low mile example. It was laid up for over a decade in dry storage prior to having the extensive re-commissioning servicing & repaint recently completed.

The minilite wheels are shod with brand new radial tyres all round. The car has factory air conditioning fitted & also has a large full length Webasto sunroof installed.

To sum up we have a low mile car here that drives beautifully with the big 6.2 litre V8 performing beautifully whilst deleting the worlds oil reserves as it is not particularly frugal & makes regular cameo appearances at the fuel pumps. The gear box is smooth & the suspension cossetting in the way only these large front

engined grand tourers can be.
