Registration: 73760

Guernsey

Price: £58,000

VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1929 Rolls Royce 20hp H.J. Mulliner DHC.

Chassis Number: GLN77

Registration Number: 73760 Guernsey

A delightful little 20hp that comes to us from previous ownership dating back to the 1960's prior to being purchased & shipped to Guernsey by the last deceased owner who had a small collection of Rolls Royce motor cars.

This is a very very late example of a 20hp with the radiator shutters being vertical rather than the more usual horizontal items. Chassis records show that it came off test on 2nd March 1929 when it was sent to H.J. Mulliner for the body we find on it today to be manufactured & fitted.

The coachwork is rare & unusual being a sportsman's drophead coupé with seating for 4 people. The exterior paint in off-white is in generally good condition. To the interior is tan leather again in very nice condition. The car is running beautifully with a strong quiet engine. We collected it in Guernsey & drove it back to Northampton during which time it performed flawlessly. Oil pressure is good & the car runs cool.
