VEHICLE DETAILS

ADDITIONAL INFORMATION / SERVICE HISTORY

1960 Jaguar XK150 DHC 3.8 Litre Manual Left Hand Drive DHC

Chassis Number:

UK Registration Number: 694UYS

Netherlands: Formerly DH-60-38

A simply immaculate car purchsed a decade or so ago by the current owner from The Gallery Aldering in the Netherlands. When purchased the car had just been fully restored & it remains in the same condition today having been only used for dry outings.

The car is finished in traditional British Racing Green to the outside with light tan leather to the interior. A lovely figured walnut dash completes the ensemble along with a high quality lined mohair roof. It is as good underneath as it is on top.

Some sensible modern upgrades have been installed including 4 way flashers, a 5 speed gear box making for relaxed cruising & EZ power steering making the a doddle to manoeuver in tight spaces. A hood bag also comes with the car. It has been little used since purchase covering less then 1000 miles on average each year & is in impeccable condition. A pair of 12V batteries have been fitted on either side to replace the smaller 6 volt originals. Prior to this a High Torque starter was

purchased & comes with the car although it has not yet been fitted as the battery replacement means the car starts very easily. A Kenlowe fan is installed infront of the radiator to assist cooling on hot days when in traffic.

The car sit on chrome wire wheels with knock off hubs shod with 4 excellent tyres.

As modern day useable XK150's come they do not get much better then this one.
