ADDITIONAL INFORMATION / SERVICE HISTORY

1998 Rolls Royce Silver Seraph.

Vin Number: SCALA61EXXCH01199

Registration Number: R436PGC

Odometer: 36,000 Miles.

This car was bought new in 1998 for £170,000 pounds; it comes to us from the estate of a titled owner; M'Lord having purchased it in 2016.

Always garaged from new the car is in impeccable condition with unmarked gleaming swirl free Irridium paintwork. The colour is somewhere between a pale green & a light gold metallic & suits the car very well. To the interior is cotswold hide piped in dark green to the seats with dark green secondary hides to the dash top roll etc. Underfoot carpeting is dark green & the steering wheel is again in dark green leather. Rear walnut picnic tables are present to the seat backs. Woodowrk thoughout is highly figured traditional burr walnut. The car also boasts a fully functional sunroof for semi alfresco motoring when weather allows.

The car has just gone to Colbrook speciailist for a full major service to put the car in tip top order. It drives simply beautifully & I have to sat is one of the best drving Seraphs we have had. just 36,000 miles have been covered since new. The car

comes to us missing its paperwork but the estate of the late onwer is trying to locate the recent service records & reputedly a spare set of keys. Suffice to say that you can tell by how well the car drives that it has been properly looked after. The car comes to us freshly MOT'd with two brand new front tyres just fitted. Unmarked alloy wheels are in situ all round with chrome centre hubs in like new order. The underside of the car is likewise as clean as a whistle & in really super condition with no corrosion evident.

Everything works on the car as it ought inclusing the cruise control. We strongly recommend test drives of this car as it drives like new with an impercetible V12 engine & supple silent suspension making for a cosseting ride.
