1928 Austin 7 Chummy

Chassis Number: C58627

Registration Number: MP3686

Coming to us from an estate sale with over £21k in recent restoration bills plus the £8k initial cost of the car; this little chummy is in simply superb condition throughout. Being a 1928 model it is eligible for VSCC events.

Paintwork is a jaunty red over black with a black interior. The engine bay is immaculate & fully rebuilt. 5 New tyres have been fitted with less than 50 miles since installation. The hood is a new double duck affair in black & is easily raised or lowered. A hood bag neatly covers it when down.

Not much more need be said. A lovely little Austin in impeccable condition. Please take time to read the extensive list of works done on it.
